Call for Biennial Sessions.

The Georgia legislature is grinding along in the usual way—introducing more bills than any set of men could vote on intelligently. We have about come to the conclusion that biennial sessions of the legislature would be better.—Covington News.

Boston Americans' Great Outfielder.

The Boston Americans, who did not show well in the beginning of the season, are now getting into their stride, and have gone to second place in the American League. At the distance it seems they will fight it out with the Tigers of Detroit, and the White Sox of Chicago for the pennant. Their advance is due largely to the awakening of their outfield, made up of Speaker, who is believed to draw the highest salary in baseball, and Lewis and Hooper, who had not shown in their real form during the earlier part of the season. In one game with the New York Americans the other day Speaker made no fewer than five hits in five times at bat.
